Smart Senior Watch

Remote Control

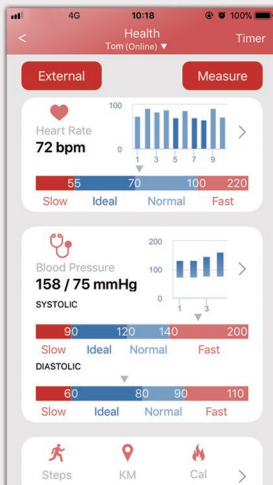

One-to-Many

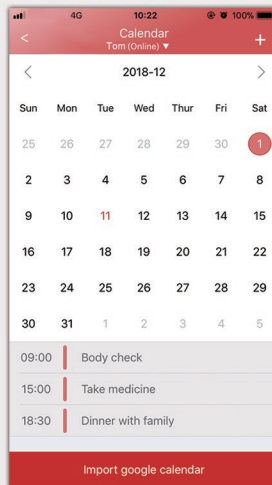

Geo-fence

Health Care

Reminder

ProVista Care SA3 is a 4G smart watch for senior, especially those with Alzheimer's and cardiovascular disease, an extra liberty to live their lives. It's a wearable phone and locator that combines Location Tracking, SOS/ Phone Call, Geo-fence, Health Care, Reminder, Voice Menu / Voice Operating and Audio Monitor capabilities into one simple device. Caregiver or family can remote manage or take care of more than one senior on the *ProVista Care* APP.

Location Tracking

Track the wearer real-time location by using a combination of GPS, BDS, WiFi and LBS technology. Review historical activities and locations on APP.

Health Care

Measure heart-rate, blood pressure, steps by schedule. The measurement result will be synchronized to the APP, and can be reviewed at any time through the app.

Auto Fall Alert

When a fall is detected, the watch will automatically call the emergency contacts, and send SMS, APP alert messages.

SOS Call

One press on the SOS button sends SOS call, SMS, and APP alerts to preset contacts.

Reminder

Care-giver can set reminder of important matters such as take medicine, appointment with clinic, etc. for the wearer.

One-to-Many

Care-givers can manage many different watch wearers on one APP. And one wearer can be taken care by many care-givers as well.
