

Solar Controller

ISC PWM Series

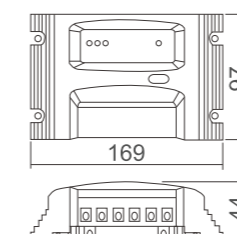

The simplicity and high performance of the Provista ISC series solar controller make it become one of the most popular product line. It offers a nice industrial design, good performance and high quality level, with an attractive price.

ISC 1000

Mini ISC 10

- Module current : 10A
- Max.input power : 150Wp
- System voltage : 12V
- Display : 3 LED for showing operation, SOC, fault
- Dimension : 118 X 90 X 31 mm
- Weight : 160g

ISC 1510

Maxi ISC 15

- Module current : 15A
- Max.input power : 225Wp
- System voltage : 12V
- Display : 3 LED for showing operation, SOC, fault
- Dimension : 169 X 97 X 44 mm
- Weight : 180g
